In Their Own Words

Hubble Foundation, in partnership with HIGH the Movement, and Tisha Robinson-Daly invite you to watch the first two powerful episodes of “In Their Own Words.” These are the first two in a five-part series of the experiences of those that have lived through the loss of a loved one in telecom.

2020 Recap

COVID-19 impacted donations in 2020, but you all gave generously, and we only fell *a little* shy of the 70K goal for 2020. In total, you all raised roughly \$63,800!

You also provided \$54,800 in family assistance to families and injured climbers, Christmas for the children in need, and 18 scholarships to the children of the fallen.

THANK YOU!

Inquiries about finances can be requested directly to Dr. Hester at bridgette@hubblefoundation.org

Your generosity provides scholarship money, yes, but more importantly, it provides these children a sense of pride that their parent is remembered and honored.

It's not about money, it's about something so much more!

Scholarship Update

POSSIBLE 2021-2023 FUNDRAISERS!

Bubble Beach Ball!

We are hoping to get more active on a local setting here on the coast. We hope to be able to get a few teams to compete in an elimination competition of Bubble Beach Ball!

These are still in the planning stages, but we will do our best to expand our fundraisers! If you have Ideas, let us know.

Biking the Back Roads!

We are anticipating either this year, or 2022 to coordinate several areas around the U.S. where avid bikers can ride through their local backroads on a 15-mile ride and raise money and awareness of fallen climbers.

If you, or someone you know rides regularly, with a group, please let us know. We would love to talk with them!

SKYDIVING!

While we want to do this on the West and East coasts, we may settle on one location depending on the jump zones we can find! An all-weekend event where ANYONE can opt to take a dive, benefiting the Hubble Foundation \$100 for each jumper!

If you have questions on how to become involved, email bridgette@hubblefoundation.org
